

# Water Well Control Panels

## Leading Edge Design

Alderon's pressure switch operated **water well control panels** are the perfect choice for water pumping applications. Our Single Phase control panels can be used with customer

supplied external pump starter boxes and pressure switches. Optionally, the starter boxes can be installed within the control panel for a professional installation.

Three phase control panels are made with a multi-tap transformer allowing the panels to operate on 208, 230 or 460 VAC. A simple selection guide makes selecting the correct panel for the job a simple task. When you need a reliable and affordable control panel, make Alderon Industries your number one choice.

### SINGLE PHASE SIMPLEX Customer provided pressure switch and pump starter box (i.e., standard starter box).

Pump Volts	Pump Amps	NEMA 4X (Outdoor Enclosure)*		NEMA 1 (Indoor Enclosure)	
		With Circuit Breaker	Without Circuit Breaker	With Circuit Breaker	Without Circuit Breaker
120	0-15 FLA	1600	1603	1606	1609
120	16-20 FLA	1601	1604	1607	1610
120	21-30 FLA	1602	1605	1608	1611

### SINGLE PHASE DUPLEX Customer provided pressure switch and pump starter box that does contain a motor contactor (i.e., deluxe starter box).

Pump Volts	Pump Amps	NEMA 4X (Outdoor Enclosure)*		NEMA 1 (Indoor Enclosure)	
		With Circuit Breakers	Without Circuit Breakers	With Circuit Breakers	Without Circuit Breakers
120/230	0-15 FLA	Not Applicable	2600	Not Applicable	2603
120/230	16-20 FLA	Not Applicable	2601	Not Applicable	2604
120/230	21-30 FLA	Not Applicable	2602	Not Applicable	2605

### ORDERING EXAMPLE

Single phase duplex control panel for pumps 21-30 Amps, 230 VAC, using standard starter box, NEMA 4X enclosure, no circuit breakers = Part Number 2417.

\*Add Option Code I for space to mount pump starter box(es) inside control panel (NEMA 4X only) or Option Code K for Alderon to install customer supplied starter box(es).

## Features

### Enclosure

Thermoplastic for NEMA 1/4X

### HOA Switch

Automatic or manual pump control

### Green Pump Run Indicator

### Fused Control Disconnect

(Provides on/off function)

### Alternating Relay

(Duplex only)

### IEC Motor Contactor

(For use with standard starter boxes)

### Field Wiring Terminal Block

### Terminal Block Field

Wiring label

### Ground Lug

### 3-Year Warranty

### Industrial Control Panel

(UL 508A)

NOTE:  
No Alarm Included.  
For applications requiring alarm, call for quote.

- PANEL OPTIONS** For ALL Single and Three Phase Control Panels
- A - Event counter
  - B - Elapsed timer meter
  - D - Lockable latches
  - F - Lightning protection
  - J - Space to mount pump starter box(es) inside control panel (NEMA 4X only).
  - K - Space to mount pump starter box(es) inside control panel (NEMA 4X only) and Alderon installs customer supplied starter box(es).
  - L - Pump run auxiliary contacts (i.e., chemical feed).
  - M - Motor Saver protection available, consult factory.
  - S - Anti-condensation heater

Place option letter behind part number.

**CUSTOM CAPABILITY**

Any panel can be designed to meet your needs. Our professional customer service quickly prepares quotes so you can bid your jobs fast. Submittals may be obtained upon request. Common applications for custom panels include: lift stations, irrigation systems, pressure booster systems, storm water and many more. Call for a complete quote.
